

April 20, 2020

Over the weekend we sent swabs for testing on four residents and were notified of one employee being tested. All returned negative. Today we sent another test for a resident and were informed of another staff member waiting for results of a test done yesterday.

This was a difficult weekend. The cases of COVID-19 continue to rise in nursing homes and the tragedy of Portapique has no words. This is a time when we should be together and yet we must continue to keep our distance. It is the best way to keep each other safe.

We continue to connect residents with family members. Please know that even if your loved one is not able to respond verbally; we are happy to still connect you. This is a time to gain comfort from others however it looks.

Requests for phone or video calls can be arranged by contacting the Recreation Department at 902-429-0550 ext. 119. As always, if you have other questions, please don't hesitate to contact Angela Berrette at 902-429-0550 ext. 103.
