

March 14, 2020

As per the directive from the Government of Nova Scotia and Dr. Robert Strang (Medical Officer of Health for Nova Scotia), all long term care facilities including Saint Vincent's Nursing Home is closed to all visitors, family members and volunteers effective immediately.

As of today, we have no active reported cases of COVID-19 among residents or staff. We are working hard to keep it that way as long as possible; by closing the facility to visitors we hope to slow the impact of COVID-19 on the residents and staff.

Your support will help reduce the risk to all at Saint Vincent's.

Information will be shared daily through Facebook updates, a recorded phone message (902-334-1444) and by email. We hope to set up remote access so family members can stay in contact with residents. Once that is functional, we will share the details.
