### Continuing Care Assistant - Progressive Education

Eastern College & Saint Vincent's Nursing Home have partnered to provide an exceptional opportunity for those who would love to start a new or second career in the Health Care Sector as a Continuing Care Assistant. Funding is provided through the Nova Scotia government.

There is a great demand for this designation due to the increase in our aging population and the level of care that is required.

Saint Vincent's Nursing Home is a 148-bed not-for-profit and community-governed continuing care centre located in the heart of Halifax. Founded in 1966 by the Roman Catholic Archdiocese of Halifax and operated by the Sisters of Charity until 1978, Saint Vincent's is now a secular organization governed by a volunteer Board of Directors.
